

Doulton®
Water Filters

State Restrictions and Products Available for Sale

Certain restrictions apply to the sale and marketing of Doulton® and British Berkefeld® water filters in the states of California, Iowa and Wisconsin. In these states, under the Doulton® brand name, only the Doulton® HIP/Ultracarb® Inline, Doulton® QT/Ultracarb® Inline and Doulton® Ultracarb® elements have been tested and certified for sale.

In these states the following filtration claims are made for these products:

Particulate Reduction:	Class 1
Giardia & Cryptosporidium:	>99.99%
Chlorine taste and odour (2ppm):	94.2%
Lead (150 ppb):	97.3%
